### Soft Craft and Specialized Services

PPM provides scaffolding, insulation, and specialized coating/lining services to our nested sites and to select individual clients. We can evaluate your coating needs and propose solutions based on corrosion and other unique factors.

We also cross-train craft workers to erect scaffolding and perform insulation services. This allows for fewer workers and a more productive workforce.

### Advanced Building and Facilities Maintenance

To help ensure the most innovative facilities services available, PPM employs the latest in advanced technology solutions—such as handheld wireless facilities systems and computerized maintenance management systems (CMMS). This helps optimize our work, so you can optimize your production.

### Full-Service to Suit Your Needs

HVAC technicians can also be part of your nested workforce, preventive maintenance program, or as-needed solution from our EMCOR network of companies. We even supply commercial landscaping and ground services personnel whenever needed.

Our soft craft and facilities management services include:

- » Coating services
- » Insulation services
- » Energy management solutions
- » Facility maintenance
- » Janitorial services
- » Commercial landscaping and grounds maintenance
- » Building preventive/predictive maintenance
- » Production maintenance & support
- » Scaffolding services
