## Nested Supplemental Maintenance

# Helping You Meet Fluctuating and Peak Demand

As a leader in innovative industrial, mechanical, electrical, and civil construction solutions, MOR PPM (PPM) also provides nested supplemental maintenance services that fit seamlessly into your organization. We're adept at handling craft surges for installations and shutdowns, and our labor can fluctuate as your needs change.

#### All the Personnel You Need to Succeed

We can meet a wide range of industrial and maintenance staffing needs, no matter how large or complex, even on short notice. Our lasting partnerships focus on helping you achieve the highest ROI possible. Count on us to provide:

- » An experienced management team
- » Reliable payroll and human resources capabilities
- » Access to a seasoned workforce of experienced trade professionals and 8,100 graded craftsmen
- » Expertise from completing thousands of projects in over 100 U.S. industrial facilities
- » Additional personnel on short notice
- » Lower total cost of ownership on equipment that we maintain
- » An on-site facilities management team
- » Proven processes and procedures

### Fully-Supported Off-Site and On-Site

PPM places each site under dedicated regional operations support. This helps ensure that onsite managers receive the craft, payroll, human resources, and safety support required to focus on your needs. The regional operations team also collects key performance indicator (KPI) data to help ensure KPI metrics are met.
